---------------------------------	--	-----	-----

*Program Completers as identified in Title II Report(s) during the 2021-2022 academic year (*Academic year is defined as September 1 - August 31.)

Calculations are made for Average Scores, Average Before Passing, and Percent Pass on First Attempt as follows:

Average Scores = Total scores for all attempts by Program Completers DIVIDED BY Total Number of Attempts

Average Before Passing = Number of all passing attempts DIVIDED BY Number of attempts

Average Percentage Who Pass on First Attempt = Number of Completers (Number Test takers) that passed the test on the initial attempt DIVIDED BY Number of Completers (Number Test takers)

Average number of times program completers* took the basic skills/content/pedagogy tests before passing (September 2022-August 2023)

Educator Preparation Program	Assessment	Number of Passers	Number of Tries	Average Number of Attempts

*Program Completers as identified in Title II Report(s) during the 2021-2022 academic year (*Academic year is defined as September 1 - August 31.)

Calculations are made for Average Scores, Average Before Passing, and Percent Pass on First Attempt as follows:

Average Scores = Total scores for all attempts by Program Completers DIVIDED BY Total Number of Attempts

Average Before Passing = Number of all passing attempts DIVIDED BY Number of attempts

Average Percentage Who Pass on First Attempt = Number of Completers (Number Test takers) that passed the test on the initial attempt DIVIDED BY Number of Completers (Number Test takers)

Percentage of program completers* passing the basic skills/content/pedagogy tests on the first attempt (September 2022-August 2023)

Educator Preparation Program	Assessment	Number of Completers	% Pass on Initial Attempt

*Program Completers as identified in Title II Report(s) during the 2021-2022 academic year (*Academic year is defined as September 1 - August 31.)

Calculations are made for Average Scores, Average Before Passing, and Percent Pass on First Attempt as follows:

Average Scores = Total scores for all attempts by Program Completers DIVIDED BY Total Number of Attempts

Average Before Passing = Number of all passing attempts DIVIDED BY Number of attempts

Average Percentage Who Pass on First Attempt = Number of Completers (Number Test takers) that passed the test on the initial attempt DIVIDED BY Number of Completers (Number Test takers)

Number and proportion of failed content tests subsequently retaken within the year (September 2022-August 2023)

Educator Preparation Program	Assessment	Number of Content Tests			Proportion of Failed Tests
		Failed	Retaken	Not Retaken
